JUNIOR PRODUCTION - 22ND, 23RD & 24TH SEPTEMBER

WELCOME

It is all on this week - have a wonderful time!

DIORAMAS

Room 21 have been busy researching endangered animals from around the world! They explored the reasons why different animals are endangered and learned about the unique habitats they call home. To showcase their learning, students created detailed dioramas representing their chosen animal's habitat. Their finished creations

beautifully demonstrate their growing understanding of endangered animals, their environments, and the importance of protecting them. Photo above right.

EPRO8

The EPro8 is a school competition promoting science and engineering. EPro8 focuses on STEM (Science, Technology, Engineering, and Mathematics) in a highly engaging and practical way. The name itself is an acronym E - Engineer, PRO - Problem Solve, 8 - Innovate (Innov-8). Students are placed in groups of 4 and each have an EPro8 kit. The kit contains all the various components they need to complete a challenge. All our Year 5/6 students completed challenges. During the interclass challenge on Monday, Room 3 won. Congratulations to their team - Deklan Powell, Jack Blunden, Tommi Mitchell, and Eva McCawe. Photo to the right.

TOUCH RUGBY

Touch rugby registrations for Term 4 are due in tomorrow. A Google form was shared on Hero to the whole school on 28th August. Please ensure these are completed as soon as possible.

ENROLMENT

It is at this time of year that our school begins thinking about classing and teaching options for 2027. With that in mind it is great for planning if we have a clear picture of the five year olds intending to enrol. If you have a child turning five next year, or know of a child turning five next year, who is intending on enrolling at our awesome school, please let the office know. Further information about classing and teaching options will come out early in Term 4. Your support is much appreciated.

JUNIOR SCHOOL PRODUCTION- NEXT WEEK

We are getting very excited for our Junior School Production next week! Our tamariki have been working incredibly hard, and we can't wait to see them take the stage and bring their story to life. Four brave explorers set off on an exciting adventure around the world in search of a lost kākāpō! Along the way, they will explore different habitats, encounter exciting adventures, and meet some wonderful characters as they work together to find their feathered friend. Our production celebrates adventure, friendship, teamwork, and the incredible world around us. We are so proud of the effort, enthusiasm, and creativity our junior tamariki have put into preparing for this special performance. Dress rehearsals will take place on Monday and Tuesday, with our Year 3–6 students joining us to watch the dress rehearsal on Tuesday.

There are still tickets available for our Wednesday and Thursday matinee performances, so be sure to get in quick if you would like to come along and support our amazing junior tamariki. All evening shows are now SOLD OUT! We can't wait to share this wonderful production with our whānau and community. It is sure to be an exciting adventure!

PTA FUNDRAISER – JUNIOR PRODUCTION

Our wonderful PTA will be selling food and treats before our Junior Production evening shows. Everything is just \$2! Come along early, grab a bite to eat, and support our amazing PTA while you get ready to enjoy our Junior Production.
